About us

WE ARE EXPERIENCE IN STANDARD PROFESSIONAL SERVICES

We offer a powerful trading software, an automated trading bot that has helped 5000+ traders to get results – now it can help you too!

MM Trade World is a software that trades automatically on your account. They run inside your forex terminal and can be attached to any currency pair. Using advanced calculations they open and manage forex trades along with SL and TP updated right away according to its own advanced FOREX strategy. No experience is required and setup is simple. We provide 24 hours support.

Crypto Fx Trade

we have a clear vision

Our Group's vision is to be a first tier leader in delivering innovative financial services, in anticipation of the market's needs. We want to grow our business model, by complying with worldwide demand for quality broker services and scaling our operations to reach all the traders that need access to our superior technology.

We constantly strive to enhance our services and track market trends to underpin our technology and development plans. In brief, our vision is to optimize our reach by offering quality and unrivaled financial services.
